

Petra Power Steering Fluid, Red

PN 7002B (64oz) Specification Sheet

Product Description:

Petra's Power Steering Fluid Red is a premium quality power steering fluid and conditioner that is suitable for use in most automobiles and trucks. Petra's Power Steering Fluid is formulated with premium quality lubricants and plasticizers that prevent the shrinkage and drying out of seals and meets most domestic and import vehicle specifications. It is formulated to be non-foaming, non-corrosive and mix with most factory fluids while helping to protect seals and maintain their pliability.

Advantages & Uses:

- Meets or exceeds most domestic and import vehicle specifications including:
 - GM Saginaw 9985010
 - Chrysler MS 5931
 - Ford M2C195-A
 - Mercedes Benz PN 00 8803
 - Saab PN 30 09800
 - Subaru PN K0Z09A0080
- Prevents the shrinkage and drying out of seals
- Non-foaming and non-corrosive

Features:

- Protects against wear, oxidation and corrosion
- Helps restore quiet, smooth steering control
- Conditions seals and hoses
