

Petra Synthetic Universal Power Steering Fluid

PN 7004B (64oz) Specification Sheet

Product Description:

Petra's Synthetic Universal Power Steering Fluid combines exceptional low temperature fluidity with outstanding shear stability to meet and exceed the most stringent performance requirements of the OEMs. This product is a specifically formulated fluid for use in power steering systems that require high performance lubricating fluids such as CHF+. **Not recommended for top off.**

Advantages & Uses:

- Advanced, full synthetic formulation for superior performance
- Meets or exceeds the following vehicle specifications including but not limited to:
 - GM Saginaw 9985010
 - Chrysler MS 1872
 - Chrysler MS 5931
 - Ford M2C195-A
 - Mercedes Benz PN 00 989 8803
 - GM 9985835 Wide Temperature Performance (synthetic multi-temperature)
 - Saab PN 30 09800
 - Subaru PN K0Z09A0080
- Keeps power steering units clean
- Reduces wear and valve noise over a wide temperature range
- Non-foaming and non-corrosive
- Compatible with ALL power steering systems

Features:

- Protects against wear, oxidation and corrosion
- Helps restore quiet, smooth steering control
- Conditions seals and hoses
